Monochrome & Color Business Laser Printers & All-in-Ones
Brother Keeps Information Moving at the Speed of Your Business

As document workloads expand, so does the need for devices that can effectively and reliably keep pace. The Brother Workhorse Series was developed to do just that, with a robust line of black and white and color laser printers and All-in-Ones to meet the daily productivity challenges of mid- to large-sized workgroups head-on, with the highest output quality and a low total cost of ownership.

The Brother Workhorse Series represents the next step in the Brother business line. Delivering some of the strongest, broadest, most business-focused features to address critical document imaging challenges, these powerful devices can help your business succeed by helping to optimize workflow, enhance document security, increase productivity and improve your bottom line. Durable, secure and full-featured, they represent award-winning performance from a company trusted globally for excellent customer value and dependability.
The Solutions that Cost-Conscious Companies Rely On

The Brother Workhorse Series delivers impressive value for high-volume users. State-of-the-art toner technology results in unparalleled print quality while delivering high yields and a low total cost of ownership. All Brother Workhorse Series models include super-high yield toner cartridge(s) for built-in value. Brother Genuine ultra-high yield replacement toner cartridge(s) provide even lower cost printing. Two-sided (duplex) printing and copying take cost savings even further by maximizing paper use.

Brother Means Business, with an Eye Towards Your Bottom Line

Mid- to large-sized workgroups with demanding print volumes need durable, reliable, and secure business-ready devices that provide exceptional output while being economical to own and operate. Brother Workhorse Series models have been designed from the inside out to address your business needs while delivering the professional results you expect.

Secure your documents and devices

Keeping sensitive documents and data secure is a top priority for any business. Restricting access, establishing security protocols, and applying best practices to records management all help address industry specific compliance and privacy requirements. The Brother Workhorse Series is equipped with advanced features that deliver enterprise-level security. Several models feature an integrated NFC card reader that provides walk-up authorization to release print jobs and to access other machine functions using a compatible NFC card or badge.
Create Efficiency
Powerful capabilities and fastest in class scan speeds enable your business to optimize its resources and increase overall efficiency. In addition, placing the right mix of document output and capture technology where people are located can help improve workgroup productivity.

Keep your company running smoothly
Uncomplicated customization capabilities and user-friendly technology help to simplify workflows. Simultaneous printing and scanning help reduce workgroup wait times. Robust scanning features allow you to scan multipage documents, create searchable and editable Microsoft® Office documents including Word, Excel® and PowerPoint® plus scan to a wide variety of destinations.

Manage a mobile workforce
The Brother Workhorse Series is readily compatible with most mobile devices to easily support a mobile/virtual workforce. Users will appreciate the ease and convenience of printing from or scanning to their smartphones or tablets. Plus, print from and scan to popular business cloud services directly from the Touchscreen including: EVERNOTE®, DROPBOX, GOOGLE DRIVE™, and more.

Connect your way
Flexible connectivity options include wireless and Gigabit Ethernet networking, front USB host for walk-up printing and scanning, plus 3rd party card reader support. Included software allows for proactive monitoring of toner status, machine usage, and user settings with web based management tools.
Your business depends on its document imaging devices to deliver the first time, every time. The Brother Workhorse Series works side-by-side with you to meet your essential daily document imaging needs while ensuring the highest level of quality professional output.

Whether you are printing simple forms and memos or high-impact brochures, reports or presentations, this family of devices delivers results your business can depend on. Brother has created technology utilizing an intelligent printing system that when used with Brother Genuine supplies creates exceptionally crisp text and graphics in both black and white and color. And our color devices deliver high-impact, vivid color printing that gets your company noticed.

Scalable paper handling enables longer print runs and the ability to easily switch between paper types and sizes provides ultimate flexibility. And with an eye toward protecting the global environment, Brother Workhorse Series models are environmentally friendly, ENERGY STAR® Certified and offer a Deep Sleep Mode for minimal power use.
